More News For Air Media

The highly respected and popular CBS news commentator, Harry Reasoner, delivered an editorial by radio the other day in which he decried the situation where the electronic news media came under governmental control.

Reasoner argued that the threat of government cancellation of licenses was enough to prevent many air newsmen from telling a better story.

Such a point was discussed in this column last year when we suggested that government sell to radio and television for a meaningful sum, the right to use the public's airway for news broadcasts. It was urged that the news slot material not be questioned. Let the commentators say what they wish. Giving air newsmen full reign would provide a better quality of news than is now being disseminated. The uncontrolled use of the news slot could be justified by using the substantial income from the sale of the news time to improve the rest of the air product. "Beverly Hillsbillies" is one of the shows that could be improved was one mentioned at the time of our observation last year.

Reasoner has a splendid point. Since it is the public's air, the public has a right to get a better quality of news than it is now getting. Every member of the Federal Communications Commission should be imprisoned — and later be given a fair trial — for the censorship that has been foisted on the public by the threat of broadcast stations' loss of license.

With a goodly sum being extracted from broadcast media's sales of news slot time and the funds being converted to the betterment of "entertainment", FCC members, when they emerge from prison, could turn their attention to censoring commercials. What fun they could have there!

With truth being the prime objective in this field they could add a note on their findings to each of these commercials.

For example: the girl so many admire for having the "sweetest mouth in town" may indeed be the most offensive for her under arm odor.

Let's get licensing where it can do some good. Let's get that "sweetest mouth" girl off the streets where she is exciting so many old folks in that commercial and get her back in the bedroom where she belongs.

KEY — Vice Mayor of San Diego Allen Hitch, center, gives keys to San Diego City to Jim Dorman, left and Bob Russell. Dorman is chairman of the 1970 edition of Old Time Days and Russell, who is wearing false whiskers, is president of the L.G. Chamber of Commerce.

Spring Valley Beautiful Campaign Opens May 16

Through the efforts of concerned businessmen and property owners headed by the Spring Valley Community Council, a special two-day campaign to clean up the "solid pollutants" in the area is being prepared for May 16 and 17.

Three area trash collecting companies are volunteering trash bins and hauling service to the community at no cost, in an effort to help the Spring Valley Beautiful campaign.

All citizens of the Valley are invited to bring their litter, trash, old equipment and junk to one of nine locations, where Thomas Disposal, Sani-Tainer, and Dependable Disposal will have large trash bins situated.

The Boy Scouts, some classes at local schools, the community council, and the chamber of commerce have already pledged to work during the campaign to beautify Spring Valley.

According to Bill Fitzpatrick, president of the community council, "the litter must go." Fitzpatrick noted

District Seniors Above Average In Test Results

Twelfth graders in the Grossmont Union High School District are slightly above average according to the annual results of the California State Testing Program.

"The District continues to be somewhat above average in ability and achievement as measured by the Fall 1969 results," said Associate Superintendent Stanley McClintic. He stressed that this comparison is with the publishers national norms. District seniors were above the norm for achievement in reading, spelling and mathematics. They were right on the norm in language.

According to McClintic, twelfth graders were tested for the first time this year as part of a mass state-wide testing program. In prior years, tenth-grade students were tested.

PTA Sponsors Dance

Mt. Miguel High School PTA will sponsor a student dance in the school gym tomorrow from 8 until 11 p.m. The band will be the "White Lightning". Presale tickets may be purchased from the ASB office for \$1 or at the door for \$1.25. School dress is acceptable.

Old Time Barbecue Springboard For Old Time Events May 21-23

It was a rewarding evening for the boosters of Old Time Days in Lemon Grove.

More than 150 persons dined, danced and enjoyed the entertainment Saturday at Lemon Grove's VFW Hall.

The entertainment was varied. It ranged from the expert m'ing of former Charger tackle Ron Mix, to a couple of brief remarks by San Diego City councilmen.

The affair was the "kick-off" dinner of the OTD group. It was the official start of preparation for Lemon Grove Old Time Days on May 21, 22 and 23. The festivities are climaxed with a parade down Broadway May 23.

The music was supplied by Dr. Sam Smith and his Ben Casey band. The group is made up of doctors. Dr. Smith helped finance his medical schooling at Kansas U. as a saxophone player in a college band.

Mix handled his chore with masterful grace. He introduced such acts as Post 6 American Legion Auxiliary Kitchen Band — a group of 12 women all above 60 (merely a guess) who held the group enthralled with old-time, popular music. The musicians used kazooes attached to such things as egg beaters, vacuum hoses, plumbers' friend other home utensils.

The L.G. Lemonettes made a brief appearance. They are a dozen or more business men who don wigs, super-padded bras and flimsy female attire — and dance.

The Levis and Laces put on a square dance demonstration, and a magical act, billed as Harold the Terrible Magician, lived up to advance billing, according to Mix. Harold Hanson was the perpetrator.

Vice Mayor Allen Hitch was there and presented a gold key to the City of San Diego to Jim Dorman, chairman of the OTD project, and to Bob Russell, president of the L.G. Chamber of Commerce.

Schaefer Attends City Councilman Mike Schaefer was also there and commended the community for

Dept. Public Health Opens Birth Control

Following approval by the Board of Supervisors, starting last week, the County of San Diego Department of Public Health has put new admission policies into effect at its birth control clinics.

Dr. J. B. Askew, director of public health, said the following policies, which were worked out with the County Council, will apply:

Any married woman is eligible for birth control services, regardless of age. Any woman 21 or older is eligible. If she does not clearly appear to be 21, she must furnish verification of her age or proof that she is married or has been married.

A woman who is over 15 years of age but not yet 21 and who is living at home must have the written consent of her parents to receive birth control services.

A woman who is over 15 years of age but not yet 21 may receive birth control services if she is living away from home and is managing her own financial affairs. She must furnish verification of her independence. Normally, Dr. Askew said, written verification will be obtained from parents by the Health Department.

Extra Vehicle Charged

State State Department of Parks and Recreation has announced that a \$1 charge per night is now in effect for each extra motor vehicle brought in by a visitors for use in a state park campground.

The charge is in addition to the normal campsite fee and will be collected at the campground entrance station.

mounting a parade project that had grown to the importance of this one.

The attendance of the two, who arrived at the same time, was purely coincidental, it was learned.

Hitch, who is seeking the post of County Recorder, commended Mrs. Louise Warren and, Dr. Jerry Ledgerton for putting the affair together. Mrs. Warren was in charge of food and beverages. Dr. Ledgerton had charge of the facilities. He noted that Lemon Grove would continue to grow and thrive. He told that the coming interchange at Broadway 94 and Campo-Palm, Broadway, would soon be the hub of all freeways in the county.

"With leadership such as

you have gathered in this project, the future of your community looks extremely secure," he said.

He also suggested that another look at incorporation might be in order if the problem of growth becomes too burdensome.

Schaefer, a long-time favorite in the Lemon Grove area, is San Diego's youngest councilman. He is seeking the district attorney's post being vacated by Don Keller.

The chicken-roast beef barbecue dinner, catered by Sam Pernicano, added a splendid touch to the old time festivities. The event brought together most of the leaders in town — a situation that has not occurred in several years.

Exhibits, Entertainment Set For Scout Fair Saturday

The county board of supervisors and the mayor of San Diego have proclaimed Saturday as Scout Fair Day, and the county's 30,000 scouts are hoping the weather man will come through with a fair day, too!

It's the one day of the year when all the cub, boy and explorer scouts in San Diego County get together at Del Mar Fairgrounds from 11 a.m. to 6 p.m. to show an expected crowd of 60,000 what scouting is all about.

On display will be over 350

of outer space exploration and environmental control.

Family entertainment in the grandstand will also be a big part of the picture, starting at 1:30 p.m. with a half hour of stirring music by the Naval Training Center Band.

A free stage show at 2 p.m. when all the cub, boy and explorer scouts in San Diego County get together at Del Mar Fairgrounds from 11 a.m. to 6 p.m. to show an expected crowd of 60,000 what scouting is all about.

Tickets for this 21st annual Scout Fair are on sale by all county scouts, and can be purchased at the gate. Admission for adults is \$1. Accompanied children under 18 are admitted free.

Raid Here Nets Escapee

Lemon Grove had the appearance of an armed camp Monday with police of various jurisdictions homing in on suspected bank robbers.

A couple, identified as Ray Young, 46, and his common law wife, Donna Brown, 39, were arrested as they emerged from the Grove Motel, 8002 Broadway at Kempf, where they had been staying.

Lt. Harry Schilpp, of the Sheriff's Department Special Investigations Section, said he sent 10 detectives to cover the motel after a tip that Young has recently robbed a Canadian bank and had a huge amount of money in his possession.

The tip proved false. Young apparently had told the story to establish credit among the crime fraternity.

It was not a lost cause for Schilpp's men, however. Young proved to be an escapee from San Mateo's prison where he was serving a term for burglary.

Miss Brown was booked for aiding in the escape.

They had little money when apprehended and were released to San Mateo authorities.

S.V. Rotary At Ox Bow

The weekly luncheon-meeting of the Spring Valley Rotary Club will be Friday at 12:10 p.m. in the Ox Bow Inn, Campo rd., in the Casa de Oro area. All Rotarians welcome, says president Dr. Herman Rauch.

There will be no regular program, but members will discuss the possibility of purchasing live stock at the East County and Del Mar Fairs this year.

Clydesdale Horses Due Here May 23

In the true tradition of "Old-time Days" the Lemon Grove Oldtime Days Parade, May 23, will feature the famed Burger Meister Champion Six Horse Clydesdale Hitch.

The beautiful animals will pull their wagon, an original unit over 70 years old and weighing close to 5,000 pounds, down Broadway.

Eight of the animals will be on display along the railroad right of way on Main street, north of Broadway and across from the Chamber of Commerce offices.

The six massive Clydesdale geldings pulling the Burger Meister wagon represent nearly a half century of tradition. When Donald E. Gingery,

chairman of the board of Burger Meister, and James W. Howard, president, arranged for the purchase of the hitch from Wilson and Company, they brought to Burger Meister the opportunity to continue an exciting bit of Americana.

During 43 years of competition for Wilson this team and its predecessors have won more championships at Chicago's International Livestock Exposition than all other competing hitches combined.

At the most recent Exposition it placed the champion and reserve champion gelding to remain undefeated in these categories.

Learn Spanish the Easy Way

Hardison's Telespanish

By JAMES HARDISON

Would you please give the Spanish names for some occupations like "jeweler, baker, butcher, milkman, shoemaker, and watchmaker?"

"Joyero" is "jeweler" and "panadero" is "baker." These occupation names are taken from the products that persons in the trade sell. "Joyero" is derived from "joya" (jewel) and "panadero" from "pan" (bread).

"Carnicero" (butcher) is one who sells, cuts and prepares "carne" (meat). "Lechero" (milkman) is one who sells "leche" (milk). "Zapatero" (shoemaker) is one who makes or repairs "zapatos" (shoes) and the "relojero" (watchmaker) is one who makes or repairs "relojes" (watches).

There is something common about all occupation names. They end in "ero." This ending may help you to identify a vocation name.

In conversation one may wish to ask "Donde esta el joyero?" for "Where is the jeweler?" or "Es usted un panadero?" for "Are you a baker?" Also, "El carnicero vende carne," for "The butcher sells meat," and "El panadero hace pan," for "The baker makes bread."

An interesting feature about words that end in "ero" is their ability to be converted to shop names by replacing the letter "o" with the letters "ia." This characteristics may be seen in the conversion of "joyero (jeweler) to "joyeria" (jewelry shop) and "carnicero" (butcher) to "carniceria" (butcher shop).

Vocation names appear in the practice phrases below. You may wish to learn how to say them in Spanish with the aid of the recorded voice that says them for you when you dial 276-2762 on your telephone.

IMPORTANT PHRASES:
Say "Donde esta el carnicero?" (DOHN-deh-eh-STAH ehl kahr-nee-SEE-roh)

USEFUL PHRASES:

for "Where is the jeweler?"
Say "Esta en la joyeria." (eh-STAH ehn lah hoh-yeh-REE-ah)
for "He is in the jewelry store."

OTHER PHRASES:
Say "Que hace el relojero?" (keh AH-seh ehl reh-loh-HEH-roh)
for "What does the watchmaker make?"
Say "El hace relojes." (EHL AH-seh reh-LOH-hehs)
for "He makes watches."

Let no one imagine that it is a strained and unnatural thing for one to pray. The contrary is much closer to the fact. It is for more natural for one not to pray. Prayer is one of the most natural of human instincts. Prayer is man's response to the divine will.

Adam and Fallen Man Is Sermon Sunday

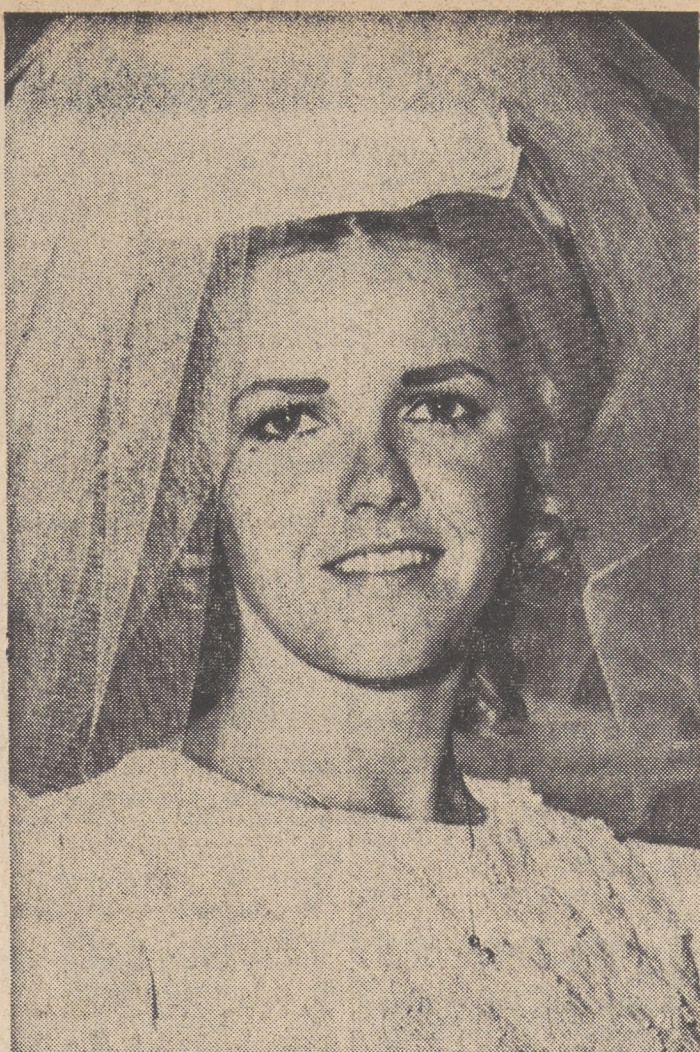

Differences between spiritual and material interpretations of creation in the Bible are brought out in the Lesson-Sermon on "Adam and Fallen Man" to be read in all Christian Science churches this Sunday.

An explanation of conflicting accounts in the first and second chapters of Genesis will be read from Science and Health with Key to the Scriptures by Mary Baker Eddy. One citation states:

"Spiritually followed, the book of Genesis is the history of the untrue image of God, named a sinful mortal. This deflection of being, rightly viewed, serves to suggest the proper reflection of God and the spiritual actuality of man, as given in the first chapter of Genesis."

A continuing report on undergrounding electric lines in the San Diego area.

Underground utilities for you too?

You decide.

Many of the projects to underground electric lines completed so far have been in new subdivisions or in "public interest" areas — parks, boulevards, business districts or other busy public places.

This may leave the property owner in a residential area wondering "How can we get the overhead electric lines put underground on our street?"

There is a way. The California Public Utilities Commission has ruled favorably on a procedure that permits groups of property owners in a neighborhood to work to eliminate overhead lines.

An underground assessment district is created in much the same way as a district for street improvements. Interested homeowners petition the local government to start the established procedures by which the utility will place the electric service underground.

The petition must show by signature

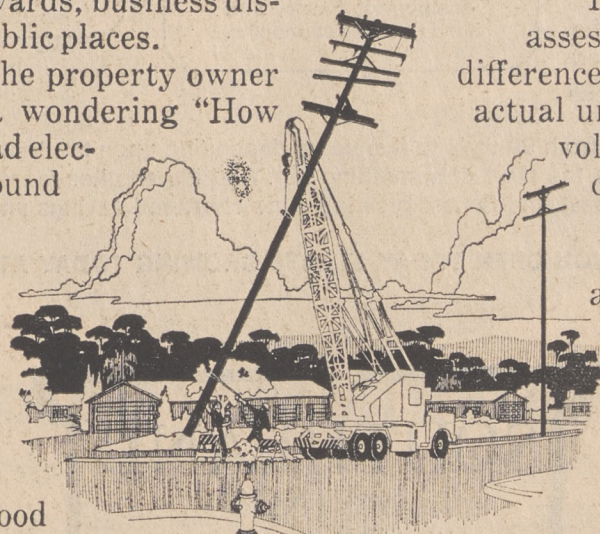

that 60 percent of the property owners are in favor of the project. The city then holds public hearings, and sets boundaries for the project. The area to be undergrounded must include both sides of a street for at least one block or 600 feet.

Property owners in the assessment district pay the difference between the cost of the actual underground system involved and the estimated cost of a new overhead system.

These owners also pay for the wiring changes necessary to connect their houses to the underground system and must provide a trench for the service from the street to their houses.

For reasons of economy, an underground assessment district is often scheduled to coincide with the widening and improving of a street.

In this way, overhead utilities in established neighborhoods may be placed underground. The decision is in the hands of the interested property owners.

Maureen O'Brien Selected Mt. Miguel Valedictorian

Mount Miguel's top honor students, Maureen O'Brien and Maria Grandstedt, have been announced as valedictorian and salutatorian.

Maureen O'Brien has received all A's, except for one B during her entire high school career. Her favorite school subjects are English and social studies, although her favorite extra-curricular activities include being an active member of the speech team, swim team captain, and commissioner of communications. Although she enjoys school,

Maureen believes there are a few things at Mount Miguel that could be changed for the better. "There is too much emphasis placed on clothing and cliques," she emphasized.

Smaller classes, giving the teachers better chances to concentrate on each student, individually, and a new curriculum might better the educational system, according to her.

Elk's Club—Most Valuable Student Award, Elk's Club—Most Valuable Student Leader Award, and the local Bank of America award are among the honors Maureen has received.

Maureen will attend the University of Santa Clara on a scholarship, next year.

Miguel's salutatorian, Marta Grandstedt, has a record of all A's and one B also, but because she doesn't like summer school, she has taken fewer classes than Maureen, which places her second in the class of over 500.

Marta's favorite classes are civics and any science class. With an interest in science, she plans to graduate from the University of California at Davis and become a veterinarian.

If she could change the school, Marta would add more smaller classes for better group discussions.

Paper Drives Set By Helix

Caught up in the fever to preserve the environment, a Helix High Speech Class is cleaning up San Diego by collecting discarded newspapers.

The speech team, along with other Helix students, will be conducting paper drives weekly until school ends.

Students will collect papers around the San Diego area including the beaches. The money collected will go to an ecology fund set up at the school by the speech class students.

The ecology fund will support such projects as planting grass and trees on the school grounds.

JAPANESE CULTURE — Having lived in Japan is a real asset when it comes to teaching a unit on Japanese culture. Student teacher, Lynn Vasquez, who is doing her practice teaching at Casa De Oro School, has introduced a unit on Japan to fourth-graders, based upon her former residence in Japan.

Students are learning to speak and write Japanese as well as preparing Japanese drama. Through dramatization, students will show Japanese life, they will be garbed in real Japanese costumes provided by Miss Vasquez. Anita Sciappa, left, and Debbie Becker, look over some artwork.

Two Local High School Students To Represent Area At Boys' State

Two local high school juniors have been named to represent La Mesa Post 282 of the American Legion at the 33rd annual session of Boys' State to be held in Sacramento to June 20-27 according to J. E. Duffy, Boys' State Chairman from the post.

Dave Little, Monte Vista, and Dale Sison, Mount Miguel were named by counselors from each school. The boys will join a record number of boys (over 850) representing the outstanding high school juniors from all sections of California.

Sponsored by the Department of California of the American Legion, the "Laboratory of Political Science" will be held at the State Fair grounds.

The Exchange Club of La Mesa, Kiwanis Club of La Mesa, and Rotarians Club of La Mesa, are co-sponsoring

the pair, along with six others from the district.

Understand Structure

"Our entire purpose of Boys' State is to help give these young people, the top representatives of their high schools, an understanding of the structure and workings of their government.

"This training is essential if we are to be of help in preparing the youth of today to be qualified to be intelligent citizens, voters and office holders," Duffy pointed out.

As each boy registers on Saturday morning he will be assigned, along with approximately 40 other boys, to a city area within the cow barn where his bed will be located and thereafter will be a resident of that city.

A total of 21 cities named after famous early Californians are the basic governmental unit for Boys' State. These cities in groups of 3 comprise 7 counties.

In addition each boy is assigned to a political party as he registers, so that he can see how political parties as such function. The boys develop their own party platform and decide their own issues.

Organize Governments

Subsequently the Boys' State citizens organize county governments and participate in learning the mechanics of partisan political activity at the state level, by selecting party slates and finally electing assemblymen, state senators, other constitutional officers and Boys' State Governor.

At the end of the session the boys pick two of their number to be sent, along with two boys from the other states, to Boys' Nation, held later in the year at Washington, D.C.

On May 12 the boys will be honored at a dinner at Post 6 of the American Legion in San Diego where all boys in the county attending Boys' State will be indoctrinated on the aspects of Boys' State.

Also in attendance will be many counselors and the parents of the boys. There will be a group of featured speakers connected with the Boys' State program.

Monarchs Lose Coach To Grossmont College

By Chuck Curtis

Has Monte Vista High School become the coaching farm team of the Griffins of Grossmont College?

Small wonder if people in the Heartland area begin to think so.

Prior to 1965 Monte Vista basketball was coached by Bill Gillespie. Along came Grossmont College and hired Gillespie to the larger school.

His place at Monte Vista was taken by Felix Rogers. Last season Rogers' team posted a sparkling 21-6 record. Many basketball fans claim Monte Vista would have led the league during any normal season, but no season could be normal with Helix sporting the talents of Big Bill Walton.

At the close of the season Gillespie announced his retirement from the Grossmont College coaching staff. The Griffins went looking for a replacement and found him at Monte Vista High.

Next season the basketball coach at Grossmont College will be Felix Rogers and many will be watching to see if he can work his coaching magic on the Griffin squad.

Billy Joe Winchester has done it again. The fine Mount Miguel athlete hurled the discus 194-feet 6-inches. The distance is the second best prep school mark in the nation this year.

Billy Joe also tossed the shot put 62½ feet in the match with El Cajon, a match won by El Cajon 74-62.

Winchester should be the top heavy favorite in both discus and shot put tomorrow, Friday, when the Grossmont League prelims are staged at Santana High School.

Recently it was the extreme pleasure of your editor and his wife to attend the annual awards banquet of the Lemon Grove Sportsmen's Golf Association.

The dinner, staged at the Chula Vista Golf Club was a smashing success.

Bill Oyos, President of the Club, has promised to turn in the list of awards presented.

Following the presentation of numerous trophies there was dancing to live music.

It was an evening of high hilarity with the Chicanos ribbing the Gringos and the Gringos quick to reply.

What a fine group they are. Your editor is looking forward to a long association with them. Who knows, I may even take up the game of golf.

Bullen Wins Second; Ed Hale Right Behind

The 1970 super stock car season has produced a two man battle between Russ Bullen of Bonita and Ed Hale of Lemon Grove.

Forty-five points separate the two drivers after four races with the excitement generating an all time attendance record.

New track records have been created weekly on the fast, high banked, 3/8th mile asphalt oval.

Fifteen new speed marks have been set in the last three races, with a record number of cars showing up to attempt to collect the record purse money of \$14,451.40.

Three winners have seen the checkered flag with two time champ Russ Bullen being the first to collect two wins.

Ed Hale has been in hot pursuit. Ed has garnered a win, two seconds, and a third to be the most consistent finisher in the main event field.

Monte Vista Swimmers Bomb Santana, As Baseballers Lose

The baseball scene at Monte Vista High was not good last Friday as the horsehiders dropped a game to El Cajon, 8-1, but the M.V. swim team rolled over Santana, 94-1.

In baseball action, Monte Vista left 14 men on base in seven innings of play with El Cajon, as the Braves made off with the lopsided victory.

Monarch pitcher Paul Loop didn't have what it took when he went to the mound against the powerful bats wielded by the Braves, and was tabbed for a run in the first, and then the roof fell in on him in the second.

Before a reliever could get the side out in that inning, El Cajon had scored six more runs, and led, 7-0.

Despite the deficit, the Monarchs struggled back and came up with a run in the third, but couldn't get the big bat that would have sent Brave pitcher John Gould to the showers.

Unbelievably, the Monarchs loaded the bases in the fifth, sixth and seventh innings with nobody out, but couldn't score, as Gould came through in the tight situations.

At Henry Gunther Pool, however, things went just right for the Monte Vista aquatics crews, as they swept every event with the exception of the diving competition, which they only took 12.

The most impressive victories the Monarchs came up with were wins by Jon Morgan, Mike Grant, and Kirk

Petersen, in the 50-yard freestyle, 100-yard backstroke, and 200-yard freestyle.

The boys are sophomores, which gives them two more years to improve and build the team into a crew that could knock off the mighty Helix Highlanders, the only team to beat Monte Vista this year.

'Legend of Lightning Bolt'

New Charger Highlight Film

From the 105-yard return of the first game kickoff by Paul Lowe in 1960 to the record-breaking 96th consecutive game catch by Lance Alworth in 1969, Charger highlight film has been marked by the spectacular.

Thus "Legend of the Lightning Bolt" is the title of the new San Diego Charger highlight film. Flashbacks such as Lowe's run and Alworth's first pro catch are blended with a review of the exciting 1969 season into a dramatic 30-minute film.

Produced by NFL Films, the 16-mm color sound movie will have its premiere show-

ing at the annual meeting of the Charger Backers at San Diego Stadium's new Sportsman Club Tuesday night.

It will be available later this month to service clubs, youth groups, schools and churches in San Diego County. Requests should be made at least two weeks in advance and directed to Public Relations Department, San Diego Chargers, 2223 El Cajon Blvd., S.D.

Pads At Home Against Giants

Memories of San Diego last fall must still be haunting the Giants, Astros and Dodgers even this spring.

San Diego Stadium was a Waterloo for all those clubs in 1969 and the Padres are prepared to continue their home superiority.

Starting Monday, manager Preston Gomez and his flock are booked for 10 meetings with their rivals in the National League's Western Division.

The Padres, who are winding up a brief road trip with a four-game series this weekend in Montreal, open their San Diego Stadium stand Monday against the Giants.

After three games with San Francisco, the Padres tackle the Houston Astros in single games May 14, 15, 16, and 17 and wind up with a three-game set against the Dodgers May 18, 19 and 20.

The success enjoyed last season by the Padres against these clubs had a significant impact on the outcome of the pennant race.

Matador Baseballers Upset Granite Hills

Mount Miguel High School enjoyed a fine performance by the baseball team last week, as they surprised a tough Granite Hills team, 6 to 5.

The Eagles struck first, picking up a pair of runs in the opening frame, but the Matadors took things in their own hands in the third and fourth innings, scoring one in the third, and three in the fourth.

Granite Hills struggled back against Miguel pitcher John Velasquez, picking up a run in the fourth and a run in the fifth, making the score 4-4 going into the bottom of the frame.

Mount Miguel, with the aid of a pinch-hitter, managed to go ahead again after the frame, but the Eagles bounced back in the top of the seventh against reliever Wayne Valdez, knotting the score at 5 apiece.

Valdez managed to put out the fire, however, stranding the go-ahead run on third base.

In the bottom of the seventh, the Matadors pieced together a rally that saw Ron Tootze walk and eventually

score from second on a single to win it for Miguel.

The win brought the Matadors' mark to 4-6 in league action, good enough for a tie for fourth place with El Cajon and Monte Vista.

Four Way Tie In Little League

A four-way tie for first place in the Major Division of the Lemon Grove Little League baseball season has resulted following the second week of 1970 action.

Lemon Grove Lath and Plaster, Lions Club, Food Basket and the Imperial Meats Red Sox all share the top rung with 3-1 won-lost records.

Food Basket climbed into the deadlock with 12-2 and 12-1 wins over the Dodgers while the Red Sox took the measure of White Construction 9-4 and 2-0.

The latter game saw Steve Phillips win in a two bit pitching performance while Danny Calvert lost although surrendering only one hit. Calvert, a 12-year old lefthander, won his first game of the season with a two hitter two weeks ago.

Bill Tabor and his band will provide the music starting at 9 p.m. Invitations have been sent to all Moose Lodges in the district to attend. A buffet will be served at 11 p.m. by the Women of the Moose chapter 926. Mrs. James McGurik in charge.

Medical School Asks Support For June 2 Bond Initiative

The doors to the sterilized world of medicine was opened to the public Sunday at the two-year-old UCSD School of Medicine.

Most of the research laboratories of the school were opened to the public as a series of "open house" events got under way.

Tours will be conducted every Sunday in May at 2 p.m. Tours were conducted through the School of Basic Science where 150 doctors a year will be graduated, according to Dr. Clifford Grobstein, dean of the school.

150 full-time faculty members will instruct undergrads in some of the most exotically equipped laboratories with some of the most advanced teaching techniques ever associated with medical science.

While there is pride in the UCSD medical program, there is also concern about the fate of Proposition 1 on which the public will vote June 2.

Prop. 1 is a state initiative by which \$80 million will be allocated to UCSD to provide San Diego with one of the nation's finest centers for the training of new doctors.

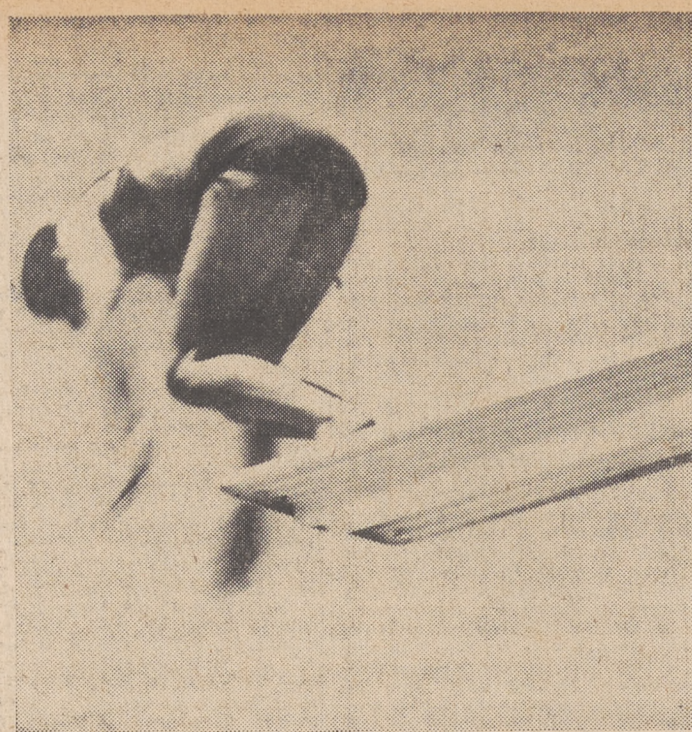

Major expenditures will go toward construction of a 350-bed campus clinical center at UCSD, a UCSD clinical science building, and additions to University Hospital.

Funds from the state June 2 bond issue will be matched by federal fund, Dr. Grobstein said.

Liquor Store Robbed

A middle aged, middle sized man stuck a .22 calibre automatic into the face of Clark Finney, 27, Sunday night and relieved him of \$200.

Finney is clerk at Grover Liquor store, 7245 Broadway. The robbery occurred at 10:25 p.m. and a suspect was observed leaving the area at a high rate of speed. A description of the robber and the car were given to sheriff's deputies.

MAKING WAVES — Gillespie Field's Gunther Pool, now under a lease held by the Grossmont High School District, opened Saturday for week-end recreational swimming.

Gunther Pool Opened

Henry Gunther Memorial Pool, at Gillespie Field, opened with a splash last Saturday afternoon, treating hundreds of kids, and adults alike, to the relief from the hot sun.

As the temperatures hit 85 in San Diego, and nearly 100 in the Spring Valley-Lemon Grove area, the Grossmont District, opened the pool for week-end swimming.

The district, under a lease agreement with the County of San Diego, will be operating the pool as a part of its instructional program in physical education and has opened the pool to the public for recreational swimming every day, Monday through Sunday, from 12:30 - 5:30 p.m., beginning Monday, June 22.

The fee schedule for open recreational swimming is as follows: children, ages 11 and under, 25c; juniors, 12-16, 35c; adults, 17 and over, 50c.

C.H.A.D. To Fund Research For High Mortality Diseases

There's a new fund-raising health group in San Diego — and it appears to have a place in the scheme of health agency life.

The group is the Combined Health Agencies Drive (CHAD) and it will conduct a fund-raising drive throughout the month of May.

The drive was announced last week at a kick-off at the Royal Inn in a meeting of which George Swerlow was host. Swerlow, a San Diego civic leader and businessman, has been identified with several worthwhile campaigns in the past.

Swerlow said the campaign

would be to raise funds for those agencies needing research. These were identified as the San Diego chapters of the American Cancer Society, the American Heart Association, Arthritis Foundation, Muscular Dystrophy Association of America, National Association for Mental Health, National Cystic Fibrosis Research Foundation, the National Multiple Sclerosis Society, and the National Society for the Prevention of Blindness.

Mrs. Fran Lelan, chairman of CHAD board of directors, said that the group would attempt to raise its million dollar objective through business contributions. She said that the program is scheduled so as to avoid conflict with the United Fund drive which comes in the fall.

At the meeting, Billy Mills, Olympic winner of the gold medal in the 10,000 meter race was named as May fund drive chairman.

Although Mills is pictured as a national symbol of health, members of his family have suffered a heavy mortality rate from some of the diseases CHAD wants to aid via research.

He said his mother died of cancer when he was nine and his father died of heart disease when he was 13.

One of his brothers died of tuberculosis, a sister died of

whooping cough and a brother and a sister died of childhood diseases.
